BOND PAPER, BANK NOTE PAPER.**ADVERTISEMENT.**

PIERSON'S NEWARK CITY DIRECTORY for 1856-57 will be published on or about the middle of May, 1856, and will be found to contain as good a canvass of names as can be got; for a great many will not give their names *at all*.

The boundaries of each Ward are as follows, viz: First Ward (*North*), by New, High, Quarry, East Quarry, the River, and Centre streets; Second Ward (*West*), by Broad, William, High and New streets; Third Ward (*South*), by Broad, William, High, Broad, Clinton Township, Elizabeth Township and South Broad street; Fourth Ward (*East*), by Broad, Park Place, Centre street, the River, Railroad Avenue, East Fair and Fair streets; Fifth Ward, by Railroad Avenue, the River and the Meadows, Hamburg Place, then to Elm street; Sixth Ward, by High, Broad, Clinton Township, South Orange Avenue, Bergen and Bank streets; Seventh Ward, by Bank, First, Sussex Avenue, the Canal, Orange, Quarry and High streets; Eighth Ward, by East Quarry, Quarry, Orange, the Canal, Belleville Township and the River; Ninth Ward, by Broad, South Broad, Railroad Avenue, East Fair and Fair streets; Tenth Ward, by Railroad Avenue, Elm, then to Hamburg Place and the Meadows; Eleventh Ward, by South Orange Avenue, Bergen, First, Sussex Avenue, the Canal, Belleville and Orange Townships.

POPULATION. I have, from the commencement of my DIRECTORY, calculated the population by the *ratio* of four persons to a name, which has in *all* cases *but two* been overrun by the real population. Thus in 1835 I estimated the population at 18,201. In 1836, there were 5,094 names and 20,376 population. In the fall the city census gave 19,732 being 644 short, the only time when my calculation has overrun. In 1840, there were 4,160 names and 16,640 population, and the United States census gave 17,202. In 1845, there were 5,800 names and 23,200 population, and in the fall I took the city census and found 25,433. In 1850, there were 9,000 names and 36,000 population, and in the fall when the United States census was taken, there were found 38,894. In 1851, there were 10,000 names and 40,000 population. In 1852, there were 11,000 names and 44,000 population. In 1853, there were 11,500 names and 46,000 population. In 1854, there were 13,500 names and 54,000 population.

The price of my Book is now ONE DOLLAR AND FIFTY CENTS, and I wish *all* to be prepared to pay when delivered and give me as *little trouble* as possible, for I have had my full share the past *twenty-one years*.

B. T. PIERSON.

May 16, 1856.
